Battery & Charger NOT INCLUDED

WHAT'S IN THE BOX:

- TRX-4, Ready-To-Drive®
- XL-5 Electronic Speed Control
- Titan 21T 550 Motor
- TQi™ 2.4GHz radio system
- Quick Start Guide
- Handy tool set

LA BOÎTE CONTIENT:

- TRX-4, Ready-To-Drive®
- Système électronique de contrôle de la vitesse XL-5
- Moteur Titan 21T 550
- Système radion TQi™ de 2,4GHz
- Instructions de démarrage rapide
- Jeu d'outils pratique

QUÉ HAY EN LA CAJA:

- TRX-4, Ready-To-Drive®
- Control de velocidad electronico XL-5
- Motor Titan 21T 550
- Sistema de radio TQi™ 2.4 GHz
- Instrucciones para el inicio rápido
- Juego de herramientas práctico

PACKUNGSINHALT:

- TRX-4, fahrbereit (Ready-To-Drive®)
- XL-5 Elektronische Drehzahlregelung
- Titan 21T 550 Motor
- TQi™ 2,4GHz Funksystem
- Schnellstart-anleitung
- Praktische Werkzeug-Set

WHAT YOU'LL NEED TO RUN YOUR MODEL:

(Sold separately at your hobby dealer)

- 4 AA Alkaline Batteries
- Traxxas 6 or 7-cell NiMH battery pack, 2s or 3s LiPo battery pack with Traxxas iD® High-Current Connector
- Traxxas iD™ Battery Charger

POUR FAIRE FONCTIONNER LE MODELE, IL FAUDRA PRÉVOIR:

(en vente chez votre marchand d'agrément)

- 4 piles alcalines AA
- Bloc pile NiMH de 6 ou 7 éléments ou bloc pile LiPo de 2S ou 3S, accompagné d'un connecteur de haute tension Traxxas iD®
- Chargeur de batteries avec identifiant (iD™) de Traxxas

LO QUE NECESITARÁ PARA PONER EN MARCHA SU MODELO:

(Se vende por separado en su distribuidor)

- 4 Baterías AA alcalinas
- Paquete de baterías de 6 ó 7 celdas de NiMH o pack de baterías LiPo 2S o 3S con conector de alta tensión Traxxas iD®
- Cargador de baterías iD™ de Traxxas

WAS SIE BENÖTIGEN, UM MIT IHREM MODELL ZU FAHREN:

(Separat oder bei Ihrem Händler zu erwerben)

- 4 AA Alkaline Batterien
- 6- oder 7-Zellen-NiMH-Batterie-Pack oder 2S oder 3S LiPo-Batterie mit Traxxas iD® Hochstrom-Anschlussa
- Traxxas iD™ Batterieladegerät

SKILL LEVEL 1

No previous experience with radio controlled models is required. Model requires a minimum of setup, maintenance, or support equipment.

NIVEAU DE COMPÉTENCE 1

Aucune expérience antérieure avec des modèles téléguidés n'est nécessaire. Le modèle a besoin de très peu d'opérations d'installation, d'entretien, ou d'équipement de soutien.

NIVEL DE HABILIDAD 1

No se requiere experiencia previa con modelos a control remoto. El modelo requiere una configuración, mantenimiento o equipo de soporte mínimos.

KOMPETENZSTUFE 1

Keine Erfahrung mit ferngesteuerten Modellen erforderlich. Das Modell erfordert nur minimalen Einstellungs-, Wartungs- oder Supportaufwand.

IMPORTANT! THIS PRODUCT IS NOT DESIGNED FOR CHILDREN OR MINORS YOUNGER THAN 14 YEARS OLD. YOUNGER THAN 18 YEARS OLD REQUIRES RESPONSIBLE ADULT SUPERVISION DURING OPERATION AND MAINTENANCE.

This is a high-performance model which is NOT intended for use on public roads or in congested areas where its operation may conflict with or disrupt pedestrian or vehicular traffic. Read all enclosed information before operating. Fully illustrated, step-by-step instructions describe adjustment, operation, and required maintenance procedures. This model should not be operated in a crowd, indoors or without adequate space. In an effort to continually upgrade our products, Traxxas reserves the right to make improvements and modifications to this model, which may not be reflected in the photographs and specifications printed on this box. Battery and charger style subject to change and may vary from photos.

IMPORTANTE ESTE PRODUCTO NO ESTÁ DISEÑADO PARA NIÑOS O MENORES DE 14 AÑOS. LOS MENORES DE 18 DE EDAD REQUIEREN LA SUPERVISIÓN DE UN ADULTO RESPONSABLE DURANTE LA OPERACIÓN Y EL MANTENIMIENTO.

Ce modèle à haut rendement n'est pas destiné à être utilisé sur les routes publiques ou dans des zones agglomérées où son fonctionnement peut empêcher ou perturber le trafic des piétons ou des véhicules. Lisez tous les renseignements ci-joints avant de mettre en marche votre produit. Les instructions entièrement illustrées et détaillées décrivent l'ajustement, le fonctionnement et les procédures d'entretien requises. Ce modèle ne doit pas être utilisé en cas d'agglomération, à l'intérieur ou en l'absence d'un espace adéquat. Dans le but d'améliorer continuellement ses produits, Traxxas se réserve le droit d'apporter des améliorations et des modifications à ce modèle, qui peuvent ne pas se refléter dans les photographies et les spécifications techniques imprimées sur cette boîte. Le type de pile et de chargeur peut changer et ne pas correspondre aux photos.

IMPORTANT! CE PRODUIT N'EST PAS CONÇU POUR LES ENFANTS OU LES MINEURS DE MOINS DE 14 ANS. LES MOINS DE 18 ANS DOIVENT ÊTRE SURVEILLÉS PAR UN ADULTE RESPONSABLE LORS DU FONCTIONNEMENT ET DE L'ENTRETIEN.

Este es un modelo de alto rendimiento que NO está destinado para el uso en carreteras públicas o en áreas congestionadas, en la cual su operación pueda entrar en conflicto con el tráfico vehicular, con los peatones o incluso molestarlos. Lea toda la información adjunta antes de operarlo. Las instrucciones paso a paso son ilustrativas y describen los procedimientos de ajuste, operación y mantenimiento necesario. Este modelo no debe operarse entre la multitud, en interiores o sin el espacio adecuado. En el esfuerzo por actualizar continuamente nuestros productos, Traxxas se reserva el derecho de realizar mejoras y modificaciones a este modelo, los cuales no pueden reflejarse en las fotografías y especificaciones impresas en esta caja. El estilo de la batería y el cargador están sujetos a cambio y pueden variar de las fotografías.

WICHTIG! DIESES PRODUKT IST NICHT FÜR KINDER ODER MINDERJÄHRIGE UNTER 14 JAHREN ENTWICKELT. PERSONEN UNTER 18 JAHREN MÜSSEN VON VERANTWORTLICHEN ERWACHSENEN BEAUFSICHTIGT WERDEN, WENN SIE MIT DEM MODELL FAHREN ODER WARTUNGSARBEITEN DARAN AUSFÜHREN.

Dieses Modell ist ein Hochleistungsmodell, das NICHT für den Gebrauch auf öffentlichen Straßen oder in verkehrsreichen Gebieten vorgesehen ist, in denen der Betrieb des Modells im Konflikt mit Fußgängern oder anderen Verkehrsteilnehmern geraten oder diese stören könnte. Lesen Sie alle beigefügten Informationen, bevor Sie das Modell in Betrieb nehmen. Die vollständig illustrierte Schritt-für-Schritt-Anleitung erklärt Einstellung, Betrieb und erforderliche Wartungsarbeiten. Dieses Modell sollte nicht in Menschenmengen oder Innenräumen betrieben werden oder wenn nicht genügend Platz zur Verfügung steht. In unserem Bemühen, unsere Produkte kontinuierlich zu verbessern, behält sich Traxxas das Recht vor, Verbesserungen und Modifikationen an diesem Modell vorzunehmen, die in den Abbildungen und Spezifikationen auf dieser Verpackung eventuell nicht enthalten sind. Die Art der Batterien und des Ladegeräts kann jederzeit geändert werden und kann eventuell von den Fotos abweichen.

TRAXXAS

TRX-4

T-Lock Remote Locking Differentials

Traxxas gives you the freedom and versatility to lock and unlock both of the patented front and rear T-Lock differentials to suit your driving needs, all controlled remotely from your transmitter.

Hi/Low Range Transmission

When the going gets tough, use your transmitter to shift into low range for incredible 4-wheel drive pulling torque. Shift into high range for blasting down the trail.

Metal Gear Digital Servo

A new full-metal gear digital servo and steel servo horn give you the durability and steering authority you need to confidently and reliably power through tough situations.

Torque Twist Eliminated

Total axle gear reduction with portals is over twice non-portal designs, virtually eliminating torque twist. Titan 550 motor torque is translated into straight, powerful, forward motion.

The Power of Portals

Portal axles lift the truck at the wheels for huge center pumpkin ground clearance. In order to achieve the same clearance with straight axles, your tires would have to be over an inch taller than the tires on TRX-4 Bronco.

Canyon Trail 1.9" Tires

The 1.9 Canyon Trail tires and tuned foam inserts are super-soft and grippy to deliver superior bite on rocky surfaces with convincing scale realism. A 12mm steel hex drives the wheels.

Inner Fenders

Detailed inner fenders integrate with the floor pans and shock towers, keeping rocks, mud, and twigs out of the chassis. The inner fenders are also equipped to install our optional LED rock light kit (sold separately).

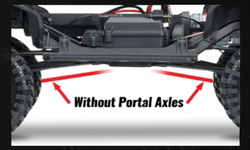

Cruise Control

Set your speed using the transmitter and then fine-tune it with the Multi-Function knob to precisely match the pace of your caravan of trail explorers. The TRX-4 is your companion for hours of driving fun and exploration.

Rigid Steel Frame

A heavy-duty formed-steel ladder frame with molded cross members creates an extremely rigid backbone. The elimination of chassis flex allows for precise wheel placement when navigating technical terrain.

Improved Geometry

Portal axles raise the axle link mounts, center driveshaft, steering drag link, and the tie rod up and out of harm's way. Center ground clearance is increased while critical driveshaft and suspension link angles are reduced.

Scale Detail

The Bronco Ranger XLT replica takes you off-road in classic 1970's style. Bright chrome trim highlights the beautiful high-gloss paint and replica decals complete the authentic look for maximum impact on the trail.

Waterproof

The TRX-4 Scale and Trail Crawler is fully waterproof. Only Traxxas' patented innovation gives you the freedom to tackle creeks, snow, and mud without worrying about water in your electronics.

3s Power System

The XL-5 HV speed control brings 3S LiPo capability and versatile profiles. A Trail profile facilitates smooth driving, while a Crawl profile introduces hill hold and instant reverse. Long run times, up to 2 hours, are possible with a Traxxas 3S 5000mAh iD LiPo battery pack!

Aluminum GTS Shocks

All oil-filled coil-over GTS shocks deliver silky-smooth damping performance and feature threaded shock bodies, an O-ring cap seal, and dual X-ring shaft seals.

Extreme Capability

Steep approach angles front and rear allow the TRX-4 Bronco to tackle big obstacles head on. The front motor design biases weight forward for superior climbing ability.

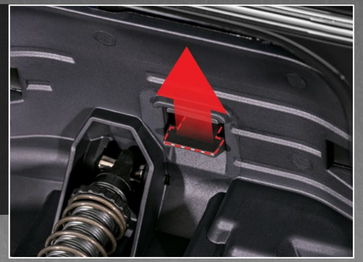

BRONCO RANGER XLT

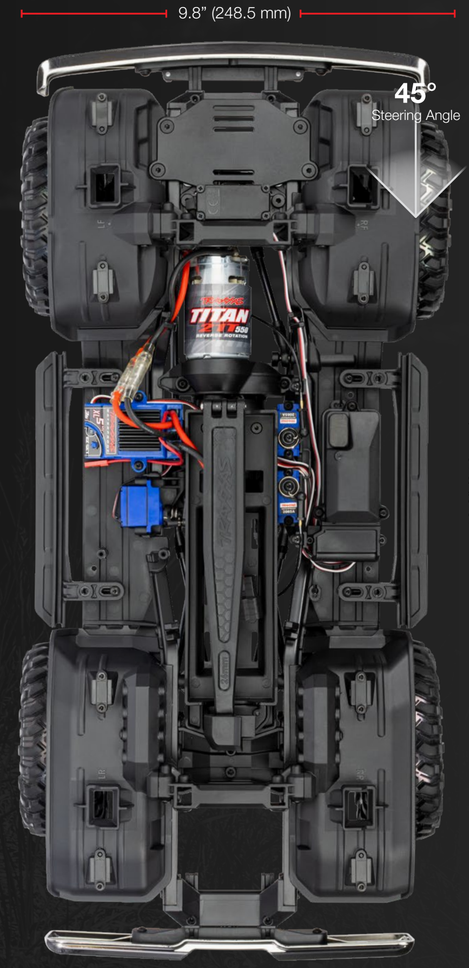

Originally introduced in 1966 as a 4X4 compact SUV, the Ford® Bronco matured as a full-size truck in the late 1970s, cementing its status as a rugged off-roader. Traxxas honors the classic 1979 Ford Bronco with this beautifully detailed and faithful reproduction mounted on the incredibly capable TRX-4® chassis. From the chrome wheels and bumpers to the gorgeous Sunset or red graphics, the TRX-4 recaptures the Bronco's iconic era with the toughness and technology that could only come from Traxxas.

New Clipless Body Mounting System

The TRX-4 Bronco features the new Traxxas patented clipless body mounting system. Traditional body posts and body clips are gone and instead, an integrated quick-release system secures the body invisibly. The hidden mechanism holds tight on the trail yet releases in just seconds to access the chassis.
